

Prescription: *Quit Smoking*

Patient Name: _____

Date: _____

Quit Date: _____

Just before your quit date:

- Write down your personal reasons for quitting. Look at your list often.
- Keep a diary of when and why you smoke.
- Get rid of all of your cigarettes, matches, lighters and ashtrays.
- Tell friends and family that you are going to quit and what your quit date is.
- Get the medication you plan to use. Medication name: _____
Begin taking your medication on: _____
- Practice going without cigarettes in places where you spend a lot of time, such as your home, car or work.
- Call **1-800-QUIT-NOW** (1-800-784-8669) for free materials and counseling.

On your quit date:

- Stop smoking!
- Take your medication.
- Ask your friends, co-workers, and family for support.
- Change your daily routine.
- Avoid situations where you would typically smoke.
- Drink plenty of water.
- Stay busy.
- Do something special to celebrate.

Right after you quit:

- Develop a clean, fresh, tobacco-free environment around yourself, at work and at home.
- Try to avoid drinking alcohol, coffee or other beverages you associate with smoking.
- If you miss the sensation of having a cigarette in your mouth, try carrot or celery sticks, flavored toothpicks or a straw.
- Chew sugarless gum or mints to help with cravings.
- Stay away from people who use tobacco.
- Reward yourself for successes – one hour, one day or one week without using tobacco.
- Increase your physical activity.
- Return for a follow-up visit on _____

Additional recommendations: _____
